

# Fruit Tree Pruning Class

with John Knisley from Alternative Roots Farm

## Learn to Properly Prune Your Fruit Trees!

This half-day workshop will cover the basic principals of pruning your fruit trees, fruit tree anatomy, timing of pruning events, pruning for consistent fruit production and different tree shaping techniques.

We will begin the workshop with classroom style instruction and then we will be going outdoors to practice pruning. You are invited to bring your own pruning tools if you have them, otherwise we will have tools available for you to try. Please be dressed appropriately for the outdoor session of this class.

\*\*\*Please bring your own lunch to the workshop.
