

# Sat. Sept 16th Soil Health Field Day

## Goodhue, MN 12:30-4:30

LAND  
STEWARDSHIP  
PROJECT

Hosts: Kaleb, Angie and Marshall Anderson

Location: Belle Creek Cattle-12535 335<sup>th</sup> St. Goodhue,  
Starts at 12:30 (Registration & lunch at noon)

The Andersons raise corn, beans, hay, pasture, cover crops and beef. Kaleb is rebuilding his soil with the use of no-till, cover crops and livestock integration.

Hosts: Jared, Jon and Terri Luhman

Location: Dry Creek Farm-23166 350th St.  
Goodhue-- starts at 2:15

The Luhmans raise beef, hay, pasture, cover crops (small grains and summer annuals), organic corn and edible black beans.

**Please RSVP by Thursday, Sept 14th by calling Shona Snater at 507-523-3366 or emailing [ssnater@landstewardshipproject.org](mailto:ssnater@landstewardshipproject.org)**

### Highlights at Andersons:

- No-till corn and soybeans following winter rye
- Warm-season annuals no-tilled into intensively-grazed cool season pasture for extended fall and winter grazing
- Herbicide timing questions and challenges
- 2018 plans for no-till and roller-crimper to cut herbicide use

### Highlights at Luhmans:

- Improving the soil through mob grazing
- grazing warm season cover crops (sorghum)
- keys for effective weed control in organic row crops
- introducing the "Soil Your Undies" campaign
- stockpiling forage for winter grazing
- pasture walk
