2019 open enrollment is November 1, 2018 – January 13, 2019

Financial help is available

Depending on income and household size, you may qualify for a discounted plan from a private insurance company, or free or low-cost coverage from a government-subsidized public program. **MNsure is the only place** Minnesotans can qualify for financial help, such as tax credits toward monthly premiums, cost-sharing reductions for medical costs, or coverage through Medical Assistance or MinnesotaCare.

Private Health Plans

Also called “qualified health plans” or QHPs, these are health plans offered by insurance companies. Financial help is available depending on your income, household size and the cost of insurance in your area. **Plans must be purchased through MNsure to qualify.**

MinnesotaCare

Covers Minnesotans with lower incomes who don’t have access to affordable health care coverage and aren’t eligible for Medical Assistance. Low monthly premiums are determined by income and family size. Eligible individuals can enroll year-round.

Medical Assistance

Minnesota’s Medicaid program covers many people with low incomes, especially children and pregnant women. There is no monthly premium. Eligible individuals can enroll year-round.

This table shows what financial help you could qualify for depending on household income and size.
