*Good Music along with
Local Homegrown Food Producers**

At the Historic
Minneota Opera Hall

Our music is rooted in jazz and blues. While the music plays visit tables in in back to check out some locally produced foods right in our neighborhood. Last but not least, Adele and Amadeus, Minneota state contest piano students will share their talents during break.

Bringing music together doesn't
"just happen".
Suggested donation 10.00 per person.

*Food Producers: Redwood River Farms and Annabel's Eggs
Land Stewardship Project table: Supporting family farms, developing local food distribution and healthy resilient food systems.

Come see the beautiful restoration work done by the Society for the Preservation of Minneota's Heritage and... *let the music reconnect you with our diverse community.*
